Cialis Black

Cialis Black, as its generic version called Vidalista Black made by Centurion Laboratories - is the medicine used as a treatment for those who have detected the main symptoms of benign prostatic hyperplasia and suffer from erectile dysfunction, impotence. This version of generic Cialis contains 80 mg of Tadalafil - the main component of the most popular erectile dysfunction medicine. Due to such a great dosage of a basic ingredient, Tadalafil remains in your body for more than 48 hours. That is why the medicine has already become well-known as a good sperm amount booster and one of the best enhancer of sexual stamina that simultaneously cures blood circulation in male genitalia, especially of those who smoke a lot. After clinical trials it's been reported that this remedy makes any man have staying power for sexual intercourse during more than 36 hours + forget about all penile problems.

Active ingredient: [Tadalafil](#)

Brand(s): Vidalista Black
