

Generic Cialis Daily is used to treat erectile dysfunction (ED). It is most appropriate for men who anticipate more frequent sexual activity. Also the drug is designed for daily usage in order to raise your sexual stamina. It contains 2.5 or 5 mg of tadalafil, that amount is pretty safe for everyone. Due to small dosage of an active ingredient the drug has a very low likelyhood of side effects and needs less precautions. Despite the fact that this medication is indicated for every day use it is absolutely nonaddictive.

Active ingredient: Tadalafil

Brand(s):Tadalista / Vidalista
